

Quark Print Collection 1.1 ReadMe

Quark® Print Collection includes four software modules that help you transform completed QuarkXPress® 7 projects, QuarkXPress Passport® 7 projects, and Adobe® Acrobat® 7 and 8 PDF files into press-ready output files. Your original QuarkXPress projects and PDF files remain unchanged, but you can add custom press marks and align pages correctly for final cutting and binding (that is, “imposition”). The XTensions® modules in the Quark Print Collection are Quark Imposer™ for QuarkXPress, Quark Imposer for Adobe Acrobat, Quark Item Marks™, and Quark MarkIt™.

Installing: Mac OS

To install Quark Print Collection:

- 1 Disable any virus protection software. If you are concerned about a virus infecting your computer, run a virus check on the installer file and then disable your virus detection software.
- 2 Double-click the Installer icon and follow the instructions on the screen.

Adding files after installation

To add files after installation, double-click the Installer icon. Use the **Custom Install** list to select the items to install.

Installing: Windows

To install Quark Print Collection:

- 1 Disable any virus protection software. If you are concerned about a virus infecting your computer, run a virus check on the installer file and then disable your virus detection software.
- 2 Double-click the Installer icon and follow the instructions on the screen.

Adding files after installation

To add files after installation:

- 1 Double-click the "setup.exe" icon. The **Setup** dialog box displays.
- 2 Click **Next**. The **Program Maintenance** screen displays.
 - Click **Modify** to choose the files to install. You can install new files or remove previously installed files.
 - Click **Repair** to correct minor issues related to installed files. Use this option if you experience issues with missing or damaged files, shortcuts, or registry entries.

3 Click **Next**.

- If you clicked **Modify** in the previous dialog box, the **Custom Setup** screen displays. Make the appropriate modifications and then click **Next**. The **Ready to Modify the Program** screen displays. Click **Install**.
 - If you clicked **Repair** in the previous dialog box, the **Ready to Repair the Program** screen displays. Click **Install**.
- 4 Click **Finish** when the system notifies you that the process is complete.

Updating

To update Quark Print Collection to this version:

- 1 Disable any virus protection software. If you are concerned about a virus infecting your computer, run a virus check on the updater file and then disable your virus detection software.
- 2 Make a copy of the application folder on your hard drive to ensure that you have a working copy of the software if you encounter issues during the update.
- 3 Make sure the names of the application folder and the application have not changed since installation.
- 4 Double-click the Updater icon and follow the instructions on the screen.

Registering

Registering during installation

If you click **Yes** to register during installation, you are directed to the “Online registration” page of the Quark Web site. Follow the instructions on this page.

NOTE If the installer is unable to locate a Web browser or process your registration, the installation is completed without registering your software. To register your software, follow the instructions in “Performing online registration after installation.”

NOTE Quark requires up to three days to process your online registration.

NOTE You can also register by phone. See “Contacting Quark” for contact information.

Registering after installation

The installer creates a folder named “Registration Folder” in the QuarkXPress application folder. Use the “Register.htm” file in this folder to register your software using any computer that has Internet access and a compatible Web browser (see the system requirements).

- 1 Double-click the “Register.htm” file to launch the Web browser and open the file. Or, use the **File** menu in your Web browser to open the “Register.htm” file.
- 2 Review the information in the form, make any necessary changes, and click **Submit** to submit the information to Quark.

Once Quark receives your information, the Web browser displays a window to notify you that registration was successful. You can then exit the Web browser.

Uninstalling

NOTE If the uninstaller detects a running instance of the application, an alert displays. Close the application before you begin to uninstall.

Mac OS

Quark Print Collection includes three XTensions modules for QuarkXPress and a plug-in for Adobe Acrobat Professional. You can remove any or all of these files by dragging them to the trash.

NOTE Before you uninstall, quit QuarkXPress or QuarkXPress Passport and Adobe Acrobat.

- To remove the XTensions modules: Open the “XTensions” folder in your QuarkXPress or QuarkXPress Passport folder and drag the Quark Print Collection files to the trash. (The names of the files are Imposer.xnt, ItemMarks.xnt, and MarkIt.xnt.)
- To remove the Adobe Acrobat plug-in: Control+click the Adobe Acrobat application icon and choose Show Package Contents. Inside the “Contents” folder, go to the “Plug-ins” folder and locate the “Quark” folder. Drag the plug-in named “Imposer.acroplugin” to the trash.

Windows

To uninstall Quark Print Collection:

- 1 Quit QuarkXPress or QuarkXPress Passport and Adobe Acrobat.
- 2 Choose **Start > Control Panel > Add or Remove Programs**.
The **Add or Remove Programs** dialog box displays.
- 3 Select **Quark Print Collection** and click **Remove**.

NOTE You can also run the Quark Print Collection installer again to remove your Quark Print Collection files.

Last-minute changes

This section describes last-minute changes to the software.

Support for 6-up imposition

Quark Imposer for QuarkXPress and Quark Imposer for Adobe Acrobat now also support basic 6-up imposition.

NOTE 6-up imposition is intended for a specific workflow and does not include all of the features that are available in the other imposition layouts.

Managing styles

To add a new style in the **Imposer** dialog box, choose **Add Style** from the **Style** drop-down menu. To update the selected style with any changes you have made to settings in the **Imposer** dialog box, choose **Update Style** from the **Style** drop-down menu. To rename or delete styles in the **Imposer** dialog box, choose **Manage Styles** from the **Style** drop-down menu.
